ABOUT ME

My name is Marlen, I am 18 years old. I have been studying IT for about a year and have trained as a JavaScript Frontend Developer. Since I have strong drawing skills, I am good at layout and UI implementation. I am fully ready to apply my knowledge and skills in practice and continue developing in the field of information technology. My goal is to become a leading specialist in my field and continuously improve my skills.

EXPERIENCE

BIR DIGITAL

17.01.2024 – 17.01.2026

Frontend-developer

Built scalable web applications with React, Next.js, and TypeScript, improving API performance using RTK Query and reducing response time by 25%.

PROJECTS

SONUN BELEK

<https://www.soonunbelek.kg>

Developed a modern website for the flower shop Soonun Belek using React, Next.js, and TypeScript. Implemented SEO optimization, integrated Google Search Console and Yandex Metrika, optimized performance, and built core features including a shopping cart, product catalog, filters, and an ordering system.

SADYGOV ESTATE

<https://sadygovestate.com/ru>

Developed a corporate website for Sadygov Estate, a company specializing in real estate and professional brokerage services. Built a responsive web interface, implemented SEO optimization, and integrated analytics and user behavior tracking tools (including Google and Yandex services) for traffic analysis.

ASMAN CITY

<https://asman-city.kg>

Built the client-side of the website for ASMAN CITY, a leading real estate agency. Implemented SEO optimization (meta tags, sitemap, structured data) and integrated analytics tools such as Google Search Console and Yandex Metrika to improve online visibility.

WHERE DID I STUDY

I studied frontend-oriented development.

2023-2024

I began my training at Motion Web Academy on 01 July 2023 and successfully completed the program on 01 March 2024, gaining practical skills in frontend development.

Frontend Developer specializing in React and TypeScript, passionate about building responsive and user-friendly web applications. Eager to join a dynamic team where I can enhance my skills and deliver quality solutions.
